

Jetta

2012

Das Auto.

We went back to the drawing board. And the price tag.

With the 2012 Jetta, innovation comes at a price. Good thing that it's a positively affordable one. Looking at its fluid lines and well-thought-out interior (the best-in-class rear leg room* took some serious thinking), you might not believe the price tag. Take a Jetta for a test drive, and you really won't believe it.

*Based on a comparison of other 2011 and 2012 models available at the time of publication, in the compact sedan class.

Yes, it's a Jetta. Yes, it's affordable.

When you build a great car, everyone should be able to enjoy it. When you integrate dozens of standard safety features, like 6 airbags and Intelligent Crash Response System (ICRS), everybody will be protected. When you develop intuitive and ergonomically aligned controls, everyone should be able to use them. Basically, when we designed the 2012 Jetta, we had everyone in mind.

Key Features

Features

Available RNS 315 navigation system
This rarely-seen-in-this-class feature will get you wherever you're going and back home again, without a single "I think it's a left?"

17" alloy wheels*
Cast your eyes on the 17" alloy wheels. Careful, though – you might not be able to look away.

Media Device Interface (MDI) with iPod® connectivity*
Take all of your tunes with you. Just plug in the MDI with iPod® adapter to easily access all of your music via the in-dash touch screen.

Best-in-class rear cargo space with available pass-through**

15.5 cubic feet (0.44 m³) of trunk space gets even bigger when you fold down the 60/40 split rear seats or use the convenient rear-centre armrest pass-through.

KESSEY® keyless access with start and stop button*

Unbelievably convenient – start your car without ever having to take your key out of your purse or your pocket.

Premium 8 touch-screen radio*

So much fun right at your fingertips – literally. This touch-screen unit, with 6-disc CD changer, SIRIUS® Satellite Radio and 6 powerful speakers, gives you all the music you could possibly want, in one sleek, powerful package.

More Features

Available Fender® premium audio system

The best seat in the house is inside your Jetta with the available 400-watt Fender® premium audio system. It's time to take the show on the road.

Bluetooth® mobile phone connectivity with voice activation*

Say hello to hands-free freedom. Bluetooth® with voice command gives you seamless phonebook access, music streaming and, of course, voice calling.

More rear leg room

There's more than three feet (96.7 cm) in total. It's not only the most in its class, it's more than many larger sedans as well.**

*Feature is available on higher trimlines only.
**Based on a comparison of other 2011 and 2012 models available at the time of publication, in the compact sedan class.

Think Blue. It's how we put more thought into what and how you drive.

Fuel Consumption*	Engine	City L/100 km	Highway L/100 km
Jetta Manual	2.0L	9.1	6.0
Jetta Automatic	2.0L	9.3	6.7
Jetta Manual	2.5L	9.9	6.2
Jetta Automatic	2.5L	9.1	6.5
Jetta Manual	2.0 TDI	6.7	4.6
Jetta Automatic DSG	2.0 TDI	6.7	4.7

*Fuel consumption figures are estimates based on Natural Resources Canada's approved criteria and testing methods. Your fuel consumption may vary.

TDI Clean Diesel – Simply put, it's the new way of driving diesel. We're very proud of our diesel technology, which reduces emissions to extremely low levels and gives you outstanding fuel economy as well as exhilarating torque. TDI isn't just diesel, it's Clean Diesel.

DSG – A definite shift for the better. DSG stands for Direct Shift Gearbox. In essence, it gives you the convenience of an automatic with the performance and efficiency of a manual. Here's how it works. DSG is managed by dual electronically controlled clutches, so not only do you shift faster, you also get enhanced acceleration and reduced fuel consumption. In fact, thanks to DSG, each shift takes less than 4/100ths of a second.

And if you're the manual type, a quick flip of the Tiptronic® function lets you shift into something a little sportier.

A warm engine – a cool way to save. Your engine uses the most fuel when cold. So if you're always driving short distances, you're not optimizing usage. If possible, try combining shorter trips. You'll consume less fuel and save more money. Just one way that we can all Think Blue.

Think Blue.
