

## The 2021 Atlas

# The refreshed 7 seat 2021 Atlas

Introducing the refreshed Atlas with modern design and technology. This VW mid-size family SUV is super fun to drive and has enough room to keep you and six passengers comfortable.

### Top Features

#### 7 Spacious Seats

The 2021 Atlas stays true to its predecessor with a huge 2,741L of flexible cargo space. And when we say 7 adults can sit comfortably, we mean it – the 2021 Atlas has the most third row legroom in its class.\*

#### 4MOTION® All-Wheel Drive

4MOTION® All-Wheel Drive – standard on the 2021 Atlas – instantly redirects power to the wheels that need it most, keeping you confidently in control in even the worst weather.

#### Safety Features

The safety of you and those around you is our main priority. That's why Side Assist (Blind spot monitoring) and Front Assist (Autonomous Emergency Braking) with pedestrian detection come standard on the 2021 Atlas.†

#### Keyless Entry

Ideal for times when your hands are full – or when your keys are in your bag somewhere – the available KESSY keyless access automatically unlocks the door when you're nearby. Once in, simply push the start button and go.

#### Remote Start

Available remote start lets you start your Atlas from a distance – and even set the perfect temperature before you get in. You'll love this on particularly cold winter mornings and blistering summer days.

\*Driver assistance features. Drivers must continue to perform manual checks and pay full attention to the road and safe driving. Please review the owner's manual for feature limitations.

†Based on a comparison of other 2021 models available at the time of publication, in the Mid-Size SUV class.

## Designed for life

The 7 seat 2021 Atlas has been resculpted into a streamlined SUV.

The new imposing grille and modern facelift adds even more style without compromising the huge space Atlas is renowned for.
